We welcome customers that want to cut their own trees. However, trees can be very heavy, so please be prepared to cut it and carry the tree back to the barn on your own. You will also need to lift and fasten your tree to your vehicle. We provide bow saws, mats for your knees, and twine for your use in tying a tree to your vehicle. We have small bundles of greens available for sale for those wanting greens for decoration. We do allow dogs in the field if they are on a leash and if you are willing to “clean up” after your dog. Dogs or other pets are not permitted in the barn or shop.

Our choose-and-cut fields close one-half hour before closing time each day, so plan accordingly. When the fields are closed, fresh-cut trees will be available in the barn.
